

Secondary School Projects in 2013

As every year, our secondary school students worked on educational projects, which were presented on 26.03. 2013 in front of the Centre of Education teachers and learners. The topics reflected students' interests and their passions. We could see multimedia presentations, dances performed by the students, performances and finally taste the dishes from around the world.

The topics were:

- The symbols of the twentieth century - AK47
- Dangers of our time: highs, drug addiction, netoholism
- The most important battles of the Second World War
 - Horses in our lives
- Diseases as a basis for creating characters in popular literature and fantasy heroes disease
 - Legendary Górnik Zabrze players
 - Remote locations - unusual dishes
 - History of Zabrze
- Vampire, are they real? heroes from legends, literature, film, medicine, and psychology
 - Vampires. Secrets of the character
 - Presentation Microsoft
 - Dancing in human life
 - Physics of mayhem
 - Outline of the history of paving work
 - Paktofonika - true Polish hip – hop
